

MEGABUCKS

THE GAME

Maxibillion III, the eccentric professor has passed away and his American nephew Rock Carrington is set to gain his billion dollar inheritance.

The old Professor was, however, extremely mean and shrewd, so much so that even after his death he made it as difficult as possible for his fortune to be handed down. Rock Carrington needs your help to overcome the obstacles left by Maxibillion, and gain access to the Professor's video tape; the key to the inheritance. Good luck!
